Cologne Iced Tea	
basic recipe	optional substitutes
highball   build with alc.: 40ml calvados without alc.: 40ml apple juice 20ml lemon juice 20ml simple sirup 30ml black tea 60ml soda/sparkling water served on ice cubes garnish with lemon zest	Instead of calvados/apple, clear fruit spirits like williams pear or apricot, or similar not too sweet juice. Gin or a non alcoholic substitute for Gin will also work. Instead of black tea, green tea or intense herbal tea will work.
International Sour	
basic recipe	optional substitutes
coupette   shaken with alc.: 50ml aquavit without alc.: 50ml alcohol free gin 30ml lemon juice 20ml simple sirup 5 drops of rose water served without ice garnish with lemon zest	Instead of aquavit/alcohol free gin, be international and choose your favorite base spirit for this sour. An intense tea of your choice will also work well just as clear juice. Rose will fit well with clear spirits. With aged spirits choose a modifier like almond, coffee or cacao.
