## **Section 1 Scope**

<sup>1</sup>These Examination Regulations cover programme details, the examination procedure and the degree awarded for the programmes in Business Administration in the different fields of study, Economics, Political Science, Sociology and Social Research, Information Systems, Economic Research and International Management at the University of Cologne. <sup>2</sup>The module contents and requirements, and the fields of study are set out in the annexes. <sup>3</sup>The annexes form part of these Examination Regulations.

## **Section 2 Objective of the programme**

<sup>1</sup>The master's programme prepares students for a management career in the public or private sector. <sup>2</sup>It is designed to enable students to be flexible in the skill set they choose to acquire by providing them with a wide range of options. <sup>3</sup>Before commencing their studies or during term breaks, students are recommended to undertake internships independently of their courses to supplement the content of the programme and gain first-hand experience of practice significant to their chosen programme; when planning internships, exam candidates must bear in mind the scheduling of any examinations of relevance to themselves. <sup>4</sup>Other potential career opportunities include research and academic teaching. <sup>5</sup>Students will acquire the necessary expertise to be able to consider questions and problems in the above-mentioned areas of employment and fields from a theoretical angle, and to develop and implement strategies and solutions that meet individual and collective requirements using a methodical, rational approach. <sup>6</sup>The programme provides students with the capability and encourages them to keep abreast of research findings and professional practice by independently continuing their professional development.<sup>1</sup>

## **Section 3 Degree awarded**

<sup>1</sup>Students who successfully complete the programmes in Business Administration, Economics, Sociology and Social Research, Information Systems, Economic Research and International Management are awarded the academic title of "Master of Science, M.Sc."; for the successfully completed programme in Political Science students are awarded the academic title of "Master of Arts, M.A.". <sup>2</sup>As a prerequisite for inclusion in the classification, credit

---

<sup>1</sup> Students shall acquire the necessary knowledge and skills to be able to work in accordance with good scientific practice and to act responsibly in scientific work, as described in the University of Cologne Regulations on Safeguarding Good Scientific Practice and Handling Scientific Misconduct (Official Notices of the University of Cologne (Amtliche Mitteilungen der Universität zu Köln) 24/2011) in the respectively amended version.

points must have been awarded for this or another comparable programme at the University of Cologne.

#### **Section 4 Programme commencement, standard period of study, organisation of the programme**

(1) Admission to the programme shall be governed by separate regulations.

(2) <sup>1</sup>The programme can only be begun in the fall term. <sup>2</sup>The standard period of study is four terms.

(3) <sup>1</sup>The Faculty of Management, Economics and Social Sciences (hereinafter referred to as “the Faculty”) shall organise the programme in such a way that it can be completed within the standard period of study. <sup>2</sup>The Faculty shall provide appropriate assistance to students to help them organise their studies; this shall include providing programme-specific advisory services and evaluating and assuring teaching quality.

(4) <sup>1</sup>A curriculum overview shall be drawn up and made accessible in an appropriate form. <sup>2</sup>This curriculum overview does not form part of the Examination Regulations.

(5) <sup>1</sup>The programme in Business Administration with Accounting and Taxation, Finance, Corporate Development, Supply Chain Management or Marketing; the programme in Economics, the programme in Political Science and the programme in Economic Research are delivered in German and English. <sup>2</sup>There are specific study plans for these programmes, in which students only take modules that are delivered and examined in English. <sup>3</sup>The Chair of the Examinations Board can, on request, waive the need for proof of knowledge of the German language if the student can provide proof of English language proficiency at level B2 as defined by the Common European Framework of Reference for Languages.

#### **Section 5 Total credit points and programme structure**

(1) Students must earn 120 credit points, as described in Section 7, during the programme.

(2) <sup>1</sup>The Business Administration programme comprises at least 11, 12 or 13, the Economics programme comprises at least 14, the Political Science programme at least 12, the Sociology and Social Research programme at least 11, the Information Systems programme at least 13, the Economic Research programme at least 16 and in the International Management programme at least 13 modules specified in section 6. <sup>2</sup>The programmes are each divided into core, advanced, supplementary and specialisation modules. <sup>3</sup>The provisions concerning the total credit points for and structure of the programme are set out in the sections 29 to 33a.

(3) The programmes shall be conducted in accordance with the respective provisions set out in the annexes to these Examination Regulations.

(4) <sup>1</sup>If one or more modules from another faculty are offered in the course of study, the regulations of the faculty offering the module shall apply to them. <sup>2</sup>The modules concerned are listed in the annexes.

## Section 6 Modules

(1) The programme is modular in structure.

(2) <sup>1</sup>Modularisation is a process whereby subject matter is grouped into discrete, consecutive units of related topics, which carry credit points (CPs). <sup>2</sup>The module content is designed to be able to be delivered within one term or one academic year as a rule. <sup>3</sup>Where there are special grounds to do so, a module can also be designed to run for more than two terms.

(3) <sup>1</sup>Modules usually carry 6, 9, 12, 15 or 18 credit points. <sup>2</sup>Modules worth six credit points can usually be completed within one term; the other modules usually take a maximum of two terms to complete.

(4) The following types of module exist:

- a) Core modules, which are designed to deliver basic knowledge,
- b) Advanced modules, which build on the modules specified in a) and are designed to enable the student to develop more advanced knowledge and skills,
- c) Specialisation modules, designed to enable the student to specialise in a certain area,
- d) Supplementary modules, which can be taken at any time during the programme.

(5) Modules can be offered as compulsory or elective modules:

- a) Students *must* take the compulsory modules; these modules are marked "Pflichtmodul" in the annexes,
- b) Students must choose elective modules from a list and are required to study them as per the provisions set out in the annexes.

(6) <sup>1</sup>Provisions concerning the individual modules and the end-of-module examinations are set out in the annexes. <sup>2</sup>In particular, they cover the:

- a) module code,
- b) module title,
- c) conditions of participation in the module,
- d) module start date,
- e) module availability (which term),
- f) module duration in terms,

- g) teaching formats for the module and compulsory participation,
- h) examination requirements,
- i) type and duration of the end-of-module examination, any examination components and the rules concerning the pass mark and resits,
- j) language of examination,
- k) limits on attempts,
- l) indication of whether the module is compulsory or elective,
- m) credit points attainable for the module,
- n) prerequisites for awarding credit points,
- o) in the case of elective modules: credit points the module contributes to the overall credit points available for the elective in question,
- p) weighting of the module mark in relation to the overall mark.

<sup>3</sup>If a module and its examinations are not offered during the next semester, another examination date must be offered during the current or next semester. <sup>4</sup>The registration deadlines of this date must allow students who did not pass the examination on the first date to register for the second date. <sup>5</sup>The second date must be chosen promptly in accordance with sentence 4, at latest during the next semester. <sup>6</sup>Sentences 3 to 5 only apply to modules associated with examinations conducted in accordance with Sections 12 (3) (a) and (b).

(7) <sup>1</sup>Modules usually finish with one examination. <sup>2</sup>In the case of modules carrying 6 credit points, the end-of-module examination consists of one component. <sup>3</sup>The end-of-module examination for modules carrying 9 credit points can consist of two components. <sup>4</sup>In the case of modules carrying 12, 15 or 18 credit points, the end-of-module examination can consist of a maximum of three examination components. <sup>5</sup>The rules concerning this shall be set out in the annexes.

(8) If an end-of-module examination consists of several examination components, they are usually different types or forms of examination as described in Section 12 (2) to (6).

(9) <sup>1</sup>Prerequisites may be defined for participation in a module or module element. <sup>2</sup>The prerequisites are specified in the annex.

## **Section 7 Credit point system and general criteria concerning the awarding of credit points**

(1) <sup>1</sup>Students receive credit points ("CPs" or "LP" in German) as evidence of successful participation in modules. <sup>2</sup>Credit points are calculated based on the anticipated student workload for the module and are a quantitative indicator of the total workload for the programme. <sup>3</sup>They include both the time spent in class and on preparing for and following up classes (i.e. for contact hours and self-study), revision for examinations, examinations themselves, including the thesis and final examination (of the course) as well as study time and,

where appropriate, practical components. <sup>4</sup>Credit points are equivalent to the credits awarded in the European Credit Transfer and Accumulation System. <sup>5</sup>One credit point corresponds to an average workload of around 30 hours. <sup>6</sup>As a rule, students are required to earn 60 credit points per year of study.

(2) <sup>1</sup>Credit points are awarded when the students can show that they have completed all of the course work and passed all of the examinations required for the module in question. <sup>2</sup>Section 48 (5) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia shall apply in respect of accumulation of credit points during academic leave. <sup>3</sup>Notwithstanding Section 48 (5) of the HG Act, course work conducted and examinations taken on non-completed modules can be shown on the transcript of records.

(3) The same lecture course may not award credit points multiple times for different modules in a programme or different areas of study.

### **Section 8 Extracurricular Offers**

(1) <sup>1</sup>In parallel to the modules of his/her programme, each student may complete other lecture courses and examinations as part of the Studium Integrale programme offered by the University of Cologne. <sup>2</sup>After successfully or unsuccessfully completing a lecture course or examination on a definitive basis, this lecture course or examination cannot be repeated as part of the student's original programme. <sup>3</sup>Students completing bachelor's programmes shall be given priority for lecture courses with capacity limitations. <sup>4</sup>If the assessment of an examination or the registration of participation in a course has not yet been entered in the Campus Management System at the time when the successful completion of the course is determined in accordance with Section 27 (1) sentence 1, the registration for the examination or participation in a course shall be cancelled ex officio, unless the student objects within a period of two weeks after receipt of the notification of the successful completion of the examination procedure.

(2) <sup>1</sup>Any extracurricular achievements shall not be recognised in the overall mark or the marks awarded for specific areas of study; the limitations on the number of examination attempts defined by sentence 2 of Section 20 (1) do not apply. <sup>2</sup>The examination results shall be documented in the transcript of records, including the results of any lecture courses or examinations that the student did not attend or did not successfully complete.

### **Section 9 Course formats**

(1) The courses are usually delivered in one of the following formats:

- a) Lecture ("Lecture"): A coherent session in which basic and specialist knowledge and methods are presented and taught to students, usually in classes that take place at regular intervals throughout the term.
- b) Seminar: Discourse on fundamental or more advanced issues.

c) Exercise (“Exercise”): Course that accompanies lectures or seminars. Involves discussion of tasks and independent work to gain a more advanced understanding of course content or work on exercises/experiments with the aim of acquiring and consolidating knowledge.

d) Practical component (“Praktikum”): Students acquire and consolidate knowledge by performing practical tasks or experiments. Practical components can be conducted within the University (e.g. lab practicals) or outside (e.g. field practicals, internships or teaching placements).

e) Field trip (“Exkursion”): Class conducted outside the University to enable students to see how aspects of the subject matter they have covered work in real life, to grasp relevant factors/structures based on observation and to practise applying the knowledge they have acquired and/or draw conclusions.

f) Language course: Course in which students acquire and/or deepen knowledge of a foreign language.

g) Project: Actions-based, independent work on a complex task or problem in consecutive phases (planning, execution, presentation of results), usually within a specified period.

h) Tutorial (“Tutorium”): Usually accompanies basic courses. Students practise techniques and develop a more advanced understanding of basic knowledge in small groups; the complex content of the main course is explained to them or practical examples are used to illustrate theoretical aspects.

(2) The course formats described in (1) above can be offered in combined form.

(3) <sup>1</sup>If the number of participants on a course has to be limited due to the nature or purpose of the course or for other reasons related to research, artistic development projects, teaching, artistry or patient care, and if the number of applicants exceeds the capacity, the number of participants can be limited in accordance with Section 59 (2) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia (“HG”). <sup>2</sup>Students who need to attend the course in question at that particular time in order to progress with their studies must be given priority. <sup>3</sup>All other details shall be specified by the Faculty in separate regulations for each course concerned. <sup>4</sup>As far as resources allow, it shall be ensured that students do not lose any time due to limits on participant numbers. <sup>5</sup>In order to be admitted to examinations related to limited-participation courses, students must have attended the courses upon which the examinations are based.

(4) <sup>1</sup>Field trips, language courses, internships, practical activities, or other similar teaching arrangements may require regular attendance as a prerequisite. <sup>2</sup>The requirements for regular attendance are set out in the annexes. <sup>3</sup>Sections 17 (1) to (3) shall apply accordingly. <sup>4</sup>Students are recommended to take part in their courses regularly, including preparations and follow-up work. <sup>5</sup>Regular attendance is not met if the student is absent from more than one-third of lectures. <sup>6</sup>If a candidate demonstrates that he/she is not responsible for his/her non-attendance, this constitutes compelling grounds to approve a retroactive withdrawal as per sentence 1 of Section 16 (3). <sup>7</sup>In the event of a retroactive withdrawal, the examinations may only be completed when the lecture course is offered again. <sup>8</sup>The provisions of Section 16 (3) regulating the withdrawal from examinations remain applicable.

## **Section 10 Academic advice, programme-specific advice, examination advice**

(1) Legally binding information concerning examinations is supplied by the Chair of the Examination Board, his or her deputy, the manager of the relevant Examination Office or his or her deputy.

(2) <sup>1</sup>The University of Cologne has a Student Advisory and Counselling Centre (“Zentrale Studienberatung”), which provides general advice for students, particularly with regard to study options and programme requirements. <sup>2</sup>There are also Faculty-wide advisory services for general academic advice. <sup>3</sup>The *Beratungszentrum des Zentrums für LehrerInnenbildung* is also available to provide general academic advice on the teacher education programmes.

(3) <sup>1</sup>Programme-specific advice is provided during the designated times by the University’s associated teaching staff involved in the teaching on the programme. <sup>2</sup>The designated times shall be announced by means of notices in the institutes and on the internet. <sup>3</sup>Students are recommended to take advantage of the one-to-one advice sessions.

(4) The students' union executive committee (Allgemeine Studierendenausschuss - AS-tA) and the Faculty’s student council (“Fachschaft”) offer advice on general questions concerning students’ organisation of their studies.

(5) <sup>1</sup>For the special questions that international students have and for students preparing to study abroad, there are Faculty-wide advisory services in addition to the International Office (“Akademisches Auslandsamt”) of the University of Cologne. <sup>2</sup>There is also a Faculty-wide advisory service for questions concerning credit transfers for examinations taken abroad.

(6) For students suffering personal difficulties due to their studies, the psychosocial counselling service provided by the Kölner Studentenwerk can be particularly helpful.

(7) Students with disability or chronic or mental illness can seek advice from the advisory service provided by the University’s administration (Inclusion Service Center) or the representative of students with disabilities or chronic illnesses.

## **Section 11 Credit transfers**

(1) <sup>1</sup>Credit for examinations taken as part of programmes at other government-run or government-recognised higher education institutions, government-run or government-recognised universities of cooperative education (“Berufsakademien”), or government-run or government-recognised higher education institutions abroad shall be transferred in full upon application, provided there is no significant difference between the learning outcomes. <sup>2</sup>This shall also apply to degrees awarded for programmes of the types defined in sentence 1. <sup>3</sup>Credit transfers as per sentences 1 and 2 are intended to enable students to continue their studies, take examinations, or embark on a further programme. <sup>4</sup>Any non-completed examinations are only recognised to the extent that any possibilities for repeating the examination under Section 20 (1) have not yet been fully exhausted.

(2) <sup>1</sup>On application, credit can be transferred for other knowledge and skills on the basis of presented documents if the knowledge and credentials are equivalent to the subject matter covered and the standard required in the examinations that they are intended to replace. <sup>2</sup>School pupils whom the school and university consider to be gifted can be admitted to courses and examinations as young students outside the Enrolment Regulations on a case-by-case basis. <sup>3</sup>If they go on to take a programme, they can have the credit awarded for their coursework and examination performance transferred on application.

(3) <sup>1</sup>Where credits are to be transferred, the marks shall be transferred and included in the overall mark, provided the marking systems are similar. <sup>2</sup>Where they are not similar, the word “bestanden” (“pass”) will be shown on the transcript. <sup>3</sup>Transferred credits may be marked as such on the transcript of records.

(4) Any requirements completed elsewhere cannot be recognised again if they have already been performed at the University of Cologne.

(5) <sup>1</sup>Students are responsible for presenting the documents required for the credit transfer process. <sup>2</sup>Any applications for the recognition of a document must be made in writing. <sup>3</sup>The Chair of the Examination Board decides whether credit will be transferred. <sup>4</sup>As a general rule, representatives of the subject area in question should be consulted prior to the decision as to whether equivalence is proven. <sup>5</sup>In general, a decision must be issued within three months, and the student must be immediately informed by updating the recognition status within the campus management system; any rejection of the recognition of a document must be justified in writing. <sup>6</sup>If a credit transfer application as per (1) above is turned down, the applicant may submit an appeal for the decision be reviewed by the Rectorate. <sup>7</sup>The Rectorate shall then issue a recommendation as to how the department/institute responsible for deciding whether credit is to be transferred should proceed with the application.

(6) <sup>1</sup>Applications for credit transfers for examinations taken prior to the student commencing studies at the Faculty of Management, Economics and Social Sciences must be submitted when applying for admission to the examination procedure as per Section 15. <sup>2</sup>Applications for credit transfers for examinations taken at a higher education institution outside the area to which the “Grundgesetz” applies during the student’s studies on this programme must be submitted no later than three months after resuming studies at the faculty. <sup>3</sup>If the other higher education institution has not issued a transcript of records by this time, the deadline shall be extended to three months after the transcript of records is issued. <sup>4</sup>Applications received after the deadline cannot be considered.

## **Section 12 Types of examination**

(1) Modules usually finish with one examination, which is oriented towards the learning objectives and learning outcomes defined for the module.

(2) <sup>1</sup>Module examinations can be taken in written, oral, practical or combined form. <sup>2</sup>The nature and duration of each type of examination are detailed in the annexes. <sup>3</sup>Where there are significant reasons to do so, the Chair of the Examination Board can specify a different or additional type of examination if the examiner files a written request to this end.

(3) Written examinations usually take the following forms:

a) Written test (“Klausur”): A paper written under invigilation, in which the student must work on their own and independently on the tasks given, using only the permitted aids. A written test usually lasts at least 45 minutes and at most 180 minutes; the duration of each written test is given in the annexes. Written tests can also be conducted in electronic form or in whole or in part as multiple choice tests as per Section 13.

b) Term paper (“Hausarbeit”): A term paper is a piece of independent, written work on a predefined topic that was dealt with in the module concerned. Term papers must be submitted in hard copy and as a file on a readable data medium in a format specified by the examiner; in exceptional cases, if approved by the examiner, the submission may unfold electronically. Every term paper must be submitted together with the following written and signed declaration (in German): “Hiermit versichere ich, dass ich die vorliegende Arbeit selbstständig und ohne die Benutzung anderer als der angegebenen Hilfsmittel angefertigt habe. Alle Stellen, die wörtlich oder sinngemäß aus veröffentlichten und nicht veröffentlichten Schriften entnommen wurden, sind als solche kenntlich gemacht. Ich versichere, dass die eingereichte elektronische Fassung der eingereichten Druckfassung vollständig entspricht.” (Translation: “I hereby declare that this term paper is my own work and that I have not used any sources other than those listed in the bibliography. Any content from published or unpublished works that has been quoted directly, indirectly, or paraphrased is indicated as such.”) The last sentence of the declaration is omitted if the paper is submitted only in electronic form.

c) A practical component report (“Praktikumsbericht”) is a written description and analysis of the tasks performed in a practical component conducted within or outside the university.

d) A portfolio is a collection of several tasks performed, in the broadest sense, which are assessed as one.

(4) Oral examinations usually take the following forms:

a) Oral examination (“Mündliche Prüfung”): The purpose of an oral examination is for candidates to demonstrate that they have a thorough understanding of the subject area being examined and how the various issues are interlinked. Oral examinations are conducted by at least two examiners or one examiner with an expert observer present unless it is possible to ensure transparency by some other means. Oral examinations usually last no less than 20 and no more than 45 minutes per candidate. The length, the main points addressed, the person who addressed them and the result of the examination must be documented in an examination record. Students on the same programme can sit in on oral examinations on request provided the candidate does not object. The examiner decides whether to comply with such requests depending on whether there is enough space. Students who sit in on examinations are not permitted to be present during the discussion of the mark to be given and the announcement of the result.

b) Presentation (“Referat”): The purpose of a presentation is to present a predefined topic or set of facts in a limited amount of time. The examination takes the form of an oral presentation in class, supported by appropriate presentation tools.

c) Presentation (“Vortrag”): The student gives a presentation, in a limited amount of time and using appropriate presentation tools, on aspects of a subject area that they have worked on independently. The examination is usually conducted during class.

(5) The main practical forms of examination include setting up and conducting experiments plus examinations that result in a non-text deliverable.

(6) <sup>1</sup>The main forms of combined-type examinations include workplace-based assessments, simulations, Referat-type presentations with an essay, and papers with Vortrag-type presentations <sup>2</sup>A project paper is defined as independent work on a given task or problem, usually in a group setting, comprising the planning, implementation, and documentation of results in a written, oral, or other format. <sup>3</sup>Combined examinations may only comprise components that test the acquisition of different skills.

(7) Where appropriate and as decided by the examiner, examinations can be conducted as group oral examinations if a clear distinction between and assessment of each group member’s contribution is possible.

(8) <sup>1</sup>An electronic written test (“eKlausur”) is an examination taken on a computer using an examination program; the examination is created, conducted and evaluated in an ICT-aided process. <sup>2</sup>Electronic written tests are permitted if they are able to prove whether the candidate is proficient in the main content and methods covered in the module and is able to apply the knowledge and skills acquired; if necessary, electronic tests can be supplemented by other types of examination. <sup>3</sup>Candidates shall be given sufficient opportunity to familiarise themselves with the electronic examination system before the examination. <sup>4</sup>Electronic written tests shall be carried out in the presence of a person with expertise in the examined subject, who shall keep a record of the examination. <sup>5</sup>As a minimum, the record shall include the names of the record keeper and of the candidates, when the examination started and ended and any extraordinary incidents. <sup>6</sup>It must be possible to trace clearly and permanently which electronic data belong to which candidate. <sup>7</sup>Candidates shall be granted access to their e-paper and their results in accordance with Section 26. <sup>8</sup>The questions, the sample solutions, the marking criteria, the individual candidates’ examination results and the examination record must be archived in accordance with the legal requirements. <sup>9</sup>Data protection legislation requirements must be complied with.

(9) <sup>1</sup>Any disruptions to the examination process must be immediately reported to Chair of the Examination Board or the examiner. <sup>2</sup>Disruptions can no longer be reported if more than three business days have elapsed since the date of completion of the examination.

### **Section 13 Multiple choice examinations**

(1) <sup>1</sup>A multiple choice examination is an examination in which the minimum standard required of the candidate in the examination can only be achieved by marking or indicating

the correct or incorrect answers. <sup>2</sup>Multiple choice examinations or multiple choice examination questions are only permitted if they are able to prove whether the candidate is proficient in the main content and methods covered in the module and is able to apply the knowledge and skills acquired.

(2) <sup>1</sup>The examination questions must be worded in such a way as to be clear and unambiguous, non-contradictory, and able to determine whether the candidate possesses the examinable knowledge as per sentence 2 of (1), above. <sup>2</sup>Variations of the same examination questions (and possible answers) are permitted. <sup>3</sup>Points may not be deducted during the completion of an examination task.

(3) If the roles of examiner and exam-setter are performed by different individuals – due to how the exam-setting process of the relevant faculty or programme is concretely organised, i.e. the role of examiner is performed by some other party nominated by the examination regulations, then the following paragraphs (4) to (9) also apply.

(4) <sup>1</sup>The examiner chooses the subject matter to be covered in the examination, formulates the questions, specifies the possible answers and draws up the marking rules and criteria in accordance with (6) below. <sup>2</sup>The pass criteria for the examination must be defined in advance. <sup>3</sup>The examiner shall have the content and form of the questions reviewed by a second examiner prior to the examination.

(5) <sup>1</sup>The examiner can also create a pool of equivalent questions, from which different questions are given to each candidate. <sup>2</sup>In this case, the questions are assigned on a random basis. <sup>3</sup>It must be ensured that the examination questions are equivalent.

(6) <sup>1</sup>Candidates who attain at least 60% of the overall points attainable are deemed to have passed the examination. <sup>2</sup>If the overall average of the points attained in an examination minus 12% of the overall mean is below 60% but higher than 50% of the total number of points possible, the pass threshold shall be calculated in accordance with this clause. <sup>3</sup>Marking systems that merely define an absolute pass threshold are not permitted.

(7) <sup>1</sup>Examination performance must be marked as follows: if the minimum number of points required to pass the examination has been achieved, the mark is

very good (“sehr gut”)	if at least 75%,
good (“gut”)	if at least 50 but less than 75%,
satisfactory (“befriedigend”)	if at least 25 but less than 50%,
sufficient (“ausreichend”)	if none or less than 25%

of the possible points above the minimum pass mark are attained. <sup>2</sup>When calculating points, any half values shall be rounded in the candidate’s favour. <sup>3</sup>If the candidate does not achieve the minimum number of points required to pass the examination, the mark is “fail” (“mangelhaft” (5,0)).

(8) <sup>1</sup>If the marking process reveals an unusual concentration of errors in the answers to specific questions, the examiner shall check the relevant questions immediately and before the examination results are announced to determine whether they fail to meet the requirements set out in (2), sentence 1 above. <sup>2</sup>The questions must be analysed post hoc. <sup>3</sup>Item

difficulty and item discrimination indices, reliability and distractor analysis can be used to review the quality of the questions asked. <sup>4</sup>If this check shows individual questions to be flawed, the answers to these questions must be re-marked or excluded when determining the examination result. <sup>5</sup>The number of examination questions to be taken into account when calculating the examination result shall be reduced accordingly. <sup>6</sup>The reduction in the number of examination questions must not be to the detriment of any candidates. <sup>7</sup>If the number of points attainable for the examination questions that are to be eliminated is more than 20% of the total number of attainable points, the entire examination must be repeated. <sup>8</sup>This shall also apply if only part of the examination is multiple choice.

(9) If only part of an examination is multiple choice, this Section (apart from (8), sentence 7 and 8 above) shall only apply to the multiple choice part.

### **Section 14 Language of examination**

<sup>1</sup>As a rule, module examinations and any components thereof shall be conducted in English.

<sup>2</sup>If a module is conducted in German, the examination for that module shall also, as a rule, be conducted in that language and this shall be stated in the annex.

### **Section 15 Registration for and admission to examinations**

(1) <sup>1</sup>Admission to the examinations on a master programme can only be granted to persons who are enrolled or admitted as cross-registered students on the programme at the University of Cologne or at a higher education institution with which the University of Cologne has a cooperation agreement permitting admission. <sup>2</sup>Admission to a module examination shall be granted if the requirements of sentence 1 are fulfilled, if students have registered for the end-of-module examination in question by the deadline specified in (9) below and, where appropriate, meet the requirements of (7) below and give no grounds for a rejection of the type described in (8) below.

(2) Admission shall not be granted if

1. the examination candidate has definitively failed an examination in the chosen programme at a university which falls under the scope of the general regulations or has lost the right to complete the examination; this includes any programmes whose content is substantially equivalent to the earlier programme. Equivalency is decided by the Chair of the Examination Board, or
2. the results of examinations that the candidate has taken at another higher education institution in the area to which the Germany's Basic Law applies and that are relevant to the master's degree are still pending.

(3) If the candidate has already been admitted to the examination procedure on another programme run by the Faculty of Management, Economics and Social Sciences or on a component offered by the Faculty of Management, Economics and Social Sciences on a programme run by a different faculty at this university, they can only be admitted to the examination procedure when they have passed those examinations.

(4) Permission shall be revoked if the prerequisites defined in (1) cease to apply, if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programmes in Business Administration in the different fields of study, Accounting and Taxation, Corporate Development, Finance, Marketing, Media and Technology Management und Supply Chain Management by the Faculty of Business and Economics is withdrawn or revoked, or if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programme in Economics by the Faculty of Business and Economics is withdrawn or revoked, or if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programme in Political Science by the Faculty of Business and Economics is withdrawn or revoked, or if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programme in Sociology and Social Research by the Faculty of Business and Economics is withdrawn or revoked, or if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programme in Information Systems by the Faculty of Business and Economics is withdrawn or revoked, or if the permission to study established according to latest applicable version of the Regulations on the Determination of Suitability for the Master programme International Management, or if the grounds for refusal defined in (2) or (3) only enter into effect or become known after the student was admitted to the programme.

(5) Applications for admission must be made in writing and the following must be enclosed:

1. proof of compliance with the admission requirements set out in (1), sentence 1 above,
2. where appropriate, a certificate from any higher education institutions attended previously, detailing when the student started and finished their studies there and any examinations (passed and failed) they took,
3. a statement by the candidate concerning whether and when they failed an examination of the type described in (2) 1. above, whether they lost their right to be examined and whether examination results are still pending as described in (2) 2. and (3) above.

(6) <sup>1</sup>The Chair of the Examination Board shall decide whether candidates are to be admitted. <sup>2</sup>In exceptional cases, the Chair of the Examination Board can grant admission provisionally on the condition that missing documents from other higher education institutions be submitted later. <sup>3</sup>If the candidate fails to submit the missing documents by the first examination for which they are registered, that examination shall be deemed not to have been taken.

(7) <sup>1</sup>Students may be asked to prove that they meet certain requirements before being admitted to an end-of-module examination. <sup>2</sup>If these requirements relate to coursework, the coursework requirements are intended to ensure the acquisition of competencies and provide the teaching staff and students with an assessment of the students' learning progress. <sup>3</sup>No mark is awarded for this coursework. <sup>4</sup>If the required coursework requires the students to attend a course without a regular attendance prerequisite as per Section 9 (4) alternative coursework that does not require attendance should be accepted in justified special cases, provided that this alternative coursework facilitates the acquisition of competencies and

measures learning outcomes in a manner equivalent to the original coursework. <sup>5</sup>The required coursework usually takes the form of one of the following formats: electronic learning assessments, essays, exercises, assignments, short presentations, write-ups, written tests, research papers, and similar formats. <sup>6</sup>The requirements for admission to the respective end-of-module examinations are set out in the annex.

(8) <sup>1</sup>Candidates shall not be admitted to an examination if the requirements set out in (1) and (7) above are not met, they have already passed the examination in the same or an equivalent module or if they failed to resit the examination before the specified deadline or if the passing of the examination is not possible regarding the regulations of the annexes; the acceptance of a message via the campus management system does not constitute a remedy for any missing prerequisites. <sup>2</sup>In addition, students shall not be admitted to an end-of-module examination if one of the reasons for not granting admission given in (2) above applies. <sup>3</sup>In addition, candidates who are on academic leave as defined in Section 48 (5) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia (“HG”) shall not be admitted to examinations unless one of the exceptions described in Section 48 (5), sentences 4 and 5 of the “HG” applies.

(9) <sup>1</sup>Candidates must register for each end-of-module examination; they are not entitled to participate in an examination or have their performance marked if they have not registered. <sup>2</sup>As a rule, they must register for end-of-module examinations by no later than six weeks before the examination date. <sup>3</sup>Notwithstanding this provision, Section 20 (5) shall apply. <sup>4</sup>Together with the message, the area of study (core and advanced, specialisation, supplementary) of the examination must be specified. <sup>5</sup>If the area of study is divided into groups, the group must also be specified. <sup>6</sup>If the area of study or the group of the examination is transferred under the conditions specified in Section 29, 30, 30a, 31, 32 or 33 the examination is also transferred to the new area of study or group, provided that the examination can be completed as part of the latter. <sup>7</sup>If not, any completed examinations are non-transferable.

(10) <sup>1</sup>The examination dates must be announced in an appropriate form when lectures commence for the term and no later than nine weeks before the examination dates. <sup>2</sup>The examination periods for oral examinations must be announced when lectures commence for the term; the precise times of the examinations must be announced no later than a fortnight before the examinations. <sup>3</sup>Students who have registered for an examination are entitled to take it during the examination period announced, except in cases of force majeure. <sup>4</sup>Notwithstanding this provision, Section 20 (5) shall apply.

### **Section 16 De-registering, failure to attend and withdrawal from examinations**

(1) <sup>1</sup>The Chair of the Examination Board shall announce the examination dates and times and the deadlines for de-registering from examinations no later than nine weeks before the respective examination dates in an appropriate form by means of a notice or on the internet. <sup>2</sup>Candidates can usually de-register from an examination up to a fortnight before the examination date in question without having to state their reasons.

(2) <sup>1</sup>Examination candidates who, without valid reason, fail to participate in an examination for which a time and venue have been specified or who withdraw, without valid reason, from an examination after the examination has begun shall be awarded a “fail (5,0)” mark for

that examination. <sup>2</sup>The same applies where a candidate fails to achieve the minimum standard required in the examination within the specified time. <sup>3</sup>Section 19 (1) shall apply mutatis mutandis.

(3) <sup>1</sup>If a candidate has valid reasons for not attending an examination or withdrawing from it after it has begun, the Chair of the Examination Board can decide not to award a “fail (5,0)” for the examination. <sup>2</sup>The reasons given by the candidate for their withdrawal or failure to attend must be communicated immediately to the Chair of the Examination Board in a written document substantiating the claim. <sup>3</sup>The same applies when a candidate fails to achieve the minimum standard required in the examination within the specified time<sup>4</sup>In the event of an illness, a medical certificate must be presented. <sup>5</sup>In cases of doubt, the candidate can be required to present a certificate from an independent examining doctor, for which the University shall bear the cost. <sup>6</sup>The same shall apply where proof of illness is given concerning a child for whom the candidate is responsible, a spouse for whom the candidate acts as a carer, a registered partner, a relative by direct-line descent or an immediate relative by marriage. <sup>7</sup>All other matters shall be decided by the Examinations Board.

### **Section 17 Special examination arrangements and protective provisions**

(1) <sup>1</sup>The special needs of students with disabilities or chronic illnesses and students who are subject to maternity protection regulations must be catered for in such way as to provide them equal opportunities.

(2) <sup>1</sup>If a candidate proves that he or she is not able to take part in a examination to the extent provided for due to prolonged or permanent illness or disability, he or she will be granted compensation for disadvantages upon written request to the chairman of the examination board. <sup>2</sup>They may be asked to present a certificate from a medical specialist. <sup>3</sup>This shall also apply accordingly to deadlines and to compulsory attendance of courses and any required coursework.

(3) <sup>1</sup>Use of the protection provisions in accordance with the provisions of maternity protection law and in accordance with the deadlines of the Federal Parental Benefit and Parental Leave Act in the currently valid version shall be made possible upon application; in these cases, module examinations may be taken despite leave of absence. <sup>2</sup>If a candidate can prove that she will not be able to take part in an examination in the intended form or to the intended extent due to maternity protection regulations, she will be granted compensation for disadvantages upon written application to the chairman of the examination board. <sup>3</sup>They may be asked to present a certificate from a medical specialist. <sup>4</sup>This shall also apply accordingly to deadlines and to compulsory attendance of courses and any required coursework. <sup>5</sup>The application shall be submitted immediately after the requirements have been met.

(4) <sup>1</sup>Special needs arising when a spouse, registered partner, relative by direct-line descent or an immediate relative by marriage requires care must be taken into due consideration, especially with regard to deadlines, scheduling, examination dates and compulsory course attendance. <sup>2</sup>Applications for such arrangements must be filed as soon as the special needs arise

(5) <sup>1</sup>Candidates must provide full reasons and suitable evidence to support applications of the type described in (1) to (4). <sup>2</sup>Applications must be filed with the Chair of the Examination Board within a reasonable amount of time before the examination. <sup>3</sup>As far as a change in the clinical picture or disability is not to be expected, the compensation for disadvantages shall extend to all examinations to be taken in the programme and the acquisition of participation requirements.

### **Section 18 Assessment of examinations**

(1) <sup>1</sup>Examinations shall be marked with a grade or the words “pass” (“bestanden”) or “fail” (“nicht bestanden”) by the examiner. <sup>2</sup>The following marks must be used:

1 = “sehr gut” (very good): excellent performance,

2 = “gut” (good): performance significantly higher than average requirements,

3 = “befriedigend” (satisfactory): performance in line with average requirements,

4 = “ausreichend” (sufficient): performance meets requirements despite some faults,

5 = mangelhaft (fail): performance does not meet requirements due to major faults.

<sup>3</sup>The marks can be increased or decreased by increments of 0,3 to provide a more diverse range; the grades 4.3 and 4.7 are not permitted. <sup>4</sup>The grades 1.0, 1.3, 1.7, 2.0, 2.3, 2.7, 3.0, 3.3, 3.7, 4.0 and 5.0 are permissible. <sup>5</sup>Candidates who receive a mark of “sufficient (4,0)” or better or a “pass” are deemed to have passed the examination.

(2) <sup>1</sup>Any end-of-programme examinations of the programme governed by these regulations, any repeated examinations involving the possibility of a definitive failure, and the master’s thesis shall be marked by two examiners appointed by the Chair of the Examination Board. <sup>2</sup>If an examination is assessed by two examiners, the mark is calculated as the arithmetic mean of the two examiners’ marks. <sup>3</sup>Where there are two examiners and their individual marks are more than 1,0 mark apart or only one of them gives a “fail (5,0)”, the Chair of the Examination Board shall appoint a third examiner. <sup>4</sup>In this case, the mark shall be calculated as the arithmetic mean of the three examiners’ marks; a mark of “sufficient (4,0)” shall be given, irrespective of the arithmetic mean, if at least two of the examiners’ marks are “sufficient (4,0)” or better. <sup>5</sup>If at least two of the examiners’ marks are “fail (5,0)”, the examination shall be marked “fail (5,0)” irrespective of the arithmetic mean.

(3) If an examination that can only be marked “pass” or “fail” is marked differently by two different examiners, a third examiner shall be appointed to decide the final mark.

(4) <sup>1</sup>In the case of combined examinations of the type described in Section 12 (6), the student’s performance shall be marked as a whole. <sup>2</sup>The mark given shall be in accordance with (1) above.

(5) Where written, oral, practical or combined examination types are combined with one another, the examination shall be marked in accordance with the provisions set out in the annexes.

(6) <sup>1</sup>The marks for the core, advanced, supplementary and specialisation modules shall be calculated as the weighted arithmetic mean of the respective module marks in accordance with the weighting scheme shown in the annexes. <sup>2</sup>Deviating from sentence 1 the marks for the modules listed in the following annexes are calculated as the weighted arithmetic mean of the respective module mark groups; in this case the group marks are calculated as the weighted arithmetic mean of the respective module marks according to the weighting scheme shown in the annex: annex 1.2 specialisation module, annex 2.2 specialisation module, annex 3.2 specialisation module, annex 4.2 specialisation module, annex 5.2 specialisation module, annex 6.2 specialisation module, annex 7.1 core and advanced module, annex 7.2 specialisation module, annex 8.1 core and advanced module, annex 8.3 supplementary module, annex 9.3 supplementary module, annex 10.2 specialisation module, annex 11.1 core and advanced module and annex 11.2 specialisation module. <sup>3</sup>In the following groups, the mark is calculated as the weighted arithmetic mean of the marks of the sub-groups occupied by the student; in this case, the marks of the sub-groups are calculated as the weighted arithmetic mean of the respective module marks according to the weighting shown in the annexes: Corporate Development (annex 1.3 supplementary module), Marketing (annex 1.3 supplementary module), Marketing (annex 3.3 supplementary module), Corporate Development (annex 4.3 supplementary module), Marketing (annex 4.3 supplementary module), Corporate Development (annex 5.3 supplementary module), Corporate Development (annex 6.3 supplementary module), Marketing (annex 6.3 supplementary module) sowie Corporate Development (annex 10.3 supplementary module). <sup>4</sup>If certain examinations are not marked, the mark of the corresponding area of study or group considered in sentence 2 shall be calculated as the average of the marked examinations in this area of study; in this case, the weighting deviates from the weighting specified in the annexes. <sup>5</sup>If every end-of-module examination required to successfully complete an area of study has not yet been completed or passed, a provisional mark for this area of study shall be calculated as the arithmetic mean of all marked end-of-module examinations.

(7) <sup>1</sup>The overall mark for the degree shall be calculated as the weighted arithmetic mean of the marks for the various modules and the mark for the master thesis.

<sup>2</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Business Administration*:

- a) Mark for core and advanced modules: 12 of 114 CPs
- b) Mark for specialisation modules: 48 of 114 CPs
- c) Mark for supplementary modules: 24 of 114 CPs
- d) Mark for master thesis: 30 of 114 CPs.

<sup>3</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Economics* according to Section 30:

- a) Mark for core and advanced modules: 48 of 120 CPs
- b) Mark for specialisation modules: 36 of 120 CPs
- c) Mark for supplementary modules: 12 of 120 CPs
- d) Mark for master thesis: 24 of 120 CPs.

<sup>4</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Economics* according to Section 30a:

- a) Mark for core and advanced modules: 30 of 120 CPs
- b) Mark for specialisation modules: 54 of 120 CPs
- c) Mark for supplementary modules: 12 of 120 CPs
- d) Mark for master thesis: 24 of 120 CPs.

<sup>5</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Political Science*:

- a) Mark for core and advanced modules: 36 of 120 CPs
- b) Mark for specialisation modules: 36 of 120 CPs
- c) Mark for supplementary modules: 24 of 120 CPs
- d) Mark for master thesis: 24 of 120 CPs.

<sup>6</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Sociology and Social Research*:

- a) Mark for core and advanced modules: 27 of 120 CPs
- b) Mark for specialisation modules: 39 of 120 CPs
- c) Mark for supplementary modules: 24 of 120 CPs
- d) Mark for master thesis: 30 of 120 CPs.

<sup>7</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Information Systems*:

- a) Mark for core and advanced modules: 18 of 120 CPs
- b) Mark for specialisation modules: 48 of 120 CPs
- c) Mark for supplementary modules: 24 of 120 CPs
- d) Mark for master thesis: 30 of 120 CPs.

<sup>8</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *Economic Research*:

- a) Mark for core and advanced modules: 36 of 120 CPs
- b) Mark for specialisation modules: 36 of 120 CPs
- c) Mark for supplementary modules: 18 of 120 CPs
- d) Mark for master thesis: 30 of 120 CPs

<sup>9</sup>The marks are weighted as follows to make up the overall mark of the degree programme in *International Management*:

- a) Mark for core and advanced modules: 48 of 120 CPs
- b) Mark for specialization modules: 27 of 114 CPs
- c) Mark for supplementary modules: 24 of 114 CPs
- d) Mark for master thesis: 15 of 114 CPs

<sup>10</sup>If credits are transferred as per Section 11(3), Sentence 2, in such a way that there is no mark for a particular subject section, said subject section shall not be included in the calculation of the overall mark; the total number of credit points to be accumulated shall be reduced accordingly.

(8) <sup>1</sup>Marks shall be given to one decimal place and used in this form for any further calculations; any other decimal places shall be discarded without being rounded. <sup>2</sup>On the transcript of records, the overall mark for the degree shall be given to one decimal place. <sup>3</sup>Any further decimal places shall be discarded without being rounded.

(9) The marks based on arithmetic means are as follows:

1,0 to 1,5 = very good

1,6 to 2,5 = good

2,6 to 3,5 = satisfactory

3,6 to 4,0 = sufficient

Marks of more than 4,0 correspond to a "fail".

(10) If all of the marks as described in (7) above are "very good", the overall mark given is "distinction" ("mit Auszeichnung").

### **Section 19 Notification of examination results**

(1) <sup>1</sup>As a rule, examination candidates shall be notified of the marks for their examinations within eight weeks by means of a public posting on the campus management system. <sup>2</sup>Where examiners choose a different method of notification, their reasons for doing so must be documented. <sup>3</sup>Candidates are deemed to have been notified of their marks a fortnight after the marks have been posted on the campus management system. <sup>4</sup>In the case of oral examinations, candidates shall be notified of their mark immediately after the examination.

(2) Candidates who have failed an examination at the final attempt shall be informed by means of a formal written notification sent to the postal address stored in the campus management system; the written notification shall include information on how to appeal.

## **Section 20 Resits of end-of-module examinations**

(1) <sup>1</sup>Students can resit end-of-module examinations they have failed. <sup>2</sup>Notwithstanding the provisions set out in Section 21 (17), the number of examination attempts per module shall be limited to three; a different regulation may be provided for modules which are not offered by the Faculty of Management, Economics and Social Sciences. <sup>3</sup>More specific details are given in the annexes. <sup>4</sup>In addition, students shall be granted a further two resit attempts in total for the master programme modules, for which the number of examination attempts is limited to three. <sup>5</sup>Candidates who have accumulated at least 90 credit points shall be granted a further additional attempt. <sup>6</sup>If a candidate fails an examination in the two additional attempts and the extra attempt described in sentence 5, they are deemed to have failed the entire programme at the final attempt with the consequence of de-registration from the course of studies. <sup>7</sup>The additional examination attempts in sentences 4 and 5 do not apply to repetitions of the master's thesis.

(2) <sup>1</sup>If, for the third time, a candidate fails an end-of-module examination for which the maximum number of attempts is limited to three under sentence 2 of (1), the Chair of the Examination Board shall issue a written decision specifying whether additional attempts should be offered under sentences 4 and 5 of (1).

(3) Additional examination attempts can only be granted for a module examination if none of the first three attempts in the module in question were failed due to cheating or an offence as described in section 24.

(4) <sup>1</sup>Before retaking an examination for the first time as per (1), candidates are strongly advised to take advantage of the guidance opportunities available to them. <sup>2</sup>To this end, the examination candidate shall receive a written invitation to seek advice, which also includes information about the advisory services that are available.

(5) <sup>1</sup>If an end-of-module examination consists of several components, the candidate must attain a pass ("bestanden") or at least a "sufficient" ("ausreichend", 4,0) mark in each of them. <sup>2</sup>All end-of-module examination components marked "fail" ("mangelhaft", (5,0) or "nicht bestanden") must be retaken. <sup>3</sup>(1) to (4) above shall apply accordingly to examination components.

(6) If so requested by the examiner, the Chair of the Examination Board can specify a different type of examination or examination format for the resits.

(7) Where there are good grounds to do so, the deadlines specified in Section 15 (9) and (10) can be disregarded for resits.

(8) The provisions concerning repetition of master theses are set out in Section 21 (17).

(9) Students cannot resit end-of-module examinations that they have already passed.

## **Section 21 Master thesis module**

(1) The master thesis is a form of examination in which the candidate writes a paper independently to show that they are capable of conducting academic work on and reflecting on

a specific problem related to the subject matter covered on the programme, using the necessary methods and within a specified period.

(2) <sup>1</sup>Students write their master thesis during the programme. <sup>2</sup> Students are eligible to register for the master thesis on the condition that they are enrolled without any reservations in accordance with Section; in the Business Administration, Economics, Political Science, Sociology and Social Research, Information Systems and Economic Research programmes, the candidate must also have acquired at least 60 CP.

(3) <sup>1</sup>30 CPs are awarded for the master thesis in the Business Administration degree programme. <sup>2</sup>On the Business Administration programme, the topic of the master thesis must be taken from the specialisation section or the group taken by the examination candidate in the supplementary section. If the topic is taken from the supplementary section, the candidate must already have accumulated 18 CPs in that section. <sup>4</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the specialisation modules and examiners.

(4) <sup>1</sup>24 CPs are awarded for the master thesis in the Economics degree programme. <sup>2</sup>The topic of the master thesis must demonstrate economics methods learned on the programme. <sup>3</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners.

(5) <sup>1</sup>24 CPs are awarded for the master thesis in the Political Science degree programme. <sup>2</sup>On the Political Science programme, students must write their thesis on a topic taken from the specialisation section or the subject area they chose in the supplementary section. <sup>3</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners.

(6) <sup>1</sup>30 CPs are awarded for the master thesis in the Sociology and Social Research degree programme. <sup>2</sup>In the Sociology and Social Research programme, the topic of the master thesis must be taken from the specialisation section or the group taken by the examination candidate or a group taken by the candidate in the supplementary section. <sup>3</sup>Only students who have completed the Sociology research seminar may register for the master thesis. <sup>4</sup>If the topic is taken from the supplementary section, the candidate must already have accumulated 18 CPs in that section; in addition, they must have successfully completed the group from which the master thesis topic is taken. <sup>5</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners. <sup>6</sup>A compulsory oral examination contributes to the mark for the thesis. The examination takes the form described in Section 12(4). In good time before the start of the term, the examiner concerned shall specify the conditions applicable to the oral examination for all master theses for which an oral examination is to be taken during that term.

(7) <sup>1</sup>30 CPs are awarded for the master thesis in the Information Systems degree programme. <sup>2</sup>The topic of the master thesis must be clearly linked to Information Systems. <sup>3</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners.

(8) <sup>1</sup> 30 CPs are awarded for the master thesis in the Economic Research degree programme. <sup>2</sup> Within the scope of the master thesis in Economic Research, an economic problem must be solved independently and in accordance with the principles of scientific work. <sup>3</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners. <sup>4</sup>An obligatory colloquium is included in the mark of the module. <sup>5</sup>The examination performance in the colloquium consists of an examination performance according to section 12 (4), whereby the two examiners are the examiner and the reviewer of the written master thesis.

(9) <sup>1</sup> 15 CPs are awarded for the master thesis in the International Management programme. <sup>2</sup>The number of master thesis topics to be supervised by each examiner can be limited in order to ensure an even distribution of master theses among the subjects and examiners.

(10) <sup>1</sup>Group master theses can be permitted if a clear distinction between and assessment of each candidate's contribution is possible. <sup>2</sup>Objective criteria that make a clear distinction possible, such as sections, page numbers or topics, are used to indicate which student made which contribution. <sup>3</sup>The total workload required of each group member must exceed the requirements for individual master theses to an appropriate extent. <sup>4</sup>The difficulty and content of a group thesis must meet the same requirements as for theses undertaken individually and independently. <sup>5</sup>The contribution made by each individual must meet the requirements for master theses.

(11) <sup>1</sup>The Chair of the Examination Board shall appoint an examiner as per Section 23 (3) to set the topic of the master's thesis, as well as a second reviewer to provide a second opinion. <sup>2</sup>The candidate is entitled to suggest an examiner. <sup>3</sup>The Chair of the Examination Board shall inform the candidate in writing of the topic and the due date for the master thesis. <sup>4</sup>The date on which the topic is assigned must be documented. <sup>5</sup>In cases of particular hardship, the candidate can return the topic after receiving the notification by the Chair of the Examination Board according to sentence 3. <sup>6</sup>The Chair of the Examination Board shall decide whether the topic can be returned. <sup>7</sup>The reasons given for claiming hardship must be communicated to the Chair of the Examination Board immediately in a written document substantiating the claim.

(12) <sup>1</sup>The period allotted for writing the master thesis is a maximum of six months, starting from the date on which the topic is announced; in the International Management programme, the maximum time for writing the thesis is three months. <sup>2</sup>The issue date is the date of the signature on the application form for the master thesis submitted by the student. <sup>3</sup>The content and scope of the thesis topic must be such that the student can complete the thesis within the specified period specified in sentence 1. <sup>4</sup>In justified exceptional circumstances, this period may be extended by up to two months; in the International Management programme by up to one month, upon a written request addressed to the Chair of the Examination Board. <sup>5</sup>In particular, the period should be extended if a candidate experiences a considerable and examination-relevant impairment of performance, which must be documented as per Section 16 or in the event of circumstances that significantly impair the candidate's ability to complete the examination, for which the candidate is not responsible, and which are directly related to the content of the master's thesis. <sup>6</sup>The decision regarding whether exceptional circumstances are met shall be made by the Chair of the Examination Board. <sup>7</sup>In the event of a decision in accordance with sentence 5, last half-sentence, the Chair must request an opinion from the topic-setter before issuing a decision.

(13) <sup>1</sup>The master thesis must be written in German or English. <sup>2</sup>Alternatively, candidates can apply for permission from the chairperson of the examination board to write the master thesis in a different language. This permission is pending the approval of the topic-setter. Also, it must be ensured that the thesis can be evaluated.

(14) <sup>1</sup>Master theses shall comply with the rules on good scientific practice. <sup>2</sup>They must not have been submitted in the same or similar form or in part for any other award. <sup>3</sup>Candidates who violate this rule will be given a “fail (5,0)” mark for their thesis.

(15) <sup>1</sup>The master thesis must include a bibliography. <sup>2</sup>It must also include the following signed declaration (in German): “Hiermit versichere ich an Eides Statt, dass ich die vorliegende Arbeit selbstständig und ohne die Benutzung anderer als der angegebenen Hilfsmittel angefertigt habe. Alle Stellen, die wörtlich oder sinngemäß aus veröffentlichten und nicht veröffentlichten Schriften entnommen wurden, sind als solche kenntlich gemacht. Die Arbeit ist in gleicher oder ähnlicher Form oder auszugsweise im Rahmen einer anderen Prüfung noch nicht vorgelegt worden. Ich versichere, dass die eingereichte elektronische Fassung der eingereichten Druckfassung vollständig entspricht”. (Translation: “I hereby declare that this thesis is my own work and that I have not used any sources other than those listed in the bibliography. Content from published or unpublished works that has been quoted directly or indirectly or paraphrased is indicated as such. The thesis has not been submitted in the same or similar form or in part for any other academic award. The electronic version I have submitted is completely identical to the hard copy version submitted.”) <sup>3</sup>If a false declaration is made, the legal consequences described in Section 63 (5) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia (“HG”) can apply.

(16) <sup>1</sup>Candidates must submit their master thesis at the relevant examination office on time; at least two copies must be submitted, one of which must be printed and bound and one in write-protected electronic format; the date of submission must be documented. <sup>2</sup>Master theses that are not submitted on time shall be given a “fail (5,0)” mark.

(17) <sup>1</sup>As a rule, examination candidates shall be notified of the mark for their master thesis within eight weeks of the date on which they submitted it; this notification takes the form of a public posting on the campus management system. <sup>2</sup>Where examiners choose a different method of notification their reasons for doing so must be documented. <sup>3</sup>Candidates are deemed to have been notified of their marks a fortnight after the marks have been posted on the campus management system.

(18) <sup>1</sup>Candidates who receive a “fail (5,0)” for their master thesis can repeat the thesis component once, with a new topic. <sup>2</sup>They must register for the second attempt within six months of the result of the first attempt being announced. <sup>3</sup>Candidates who fail to comply with this deadline are deemed to have failed the master degree at the final attempt unless they prove that the reasons for their failure to comply were beyond their control. <sup>4</sup>The provisions of Section 17 shall remain unaffected. <sup>5</sup>Second repeats of failed master thesis components and repeats of passed master thesis components are not permitted. <sup>6</sup>If a candidate fails his/her first repetition of the master’s thesis, he/she shall definitively fail the programme

(19) <sup>1</sup>Candidates who have failed the master thesis shall be informed by means of a formal written notification sent to the postal address stored in the campus management system. <sup>2</sup>The written notification shall include information on how to appeal.

## Section 22 Examination Board

(1) The Faculty of Management, Economics and Social Sciences shall establish an examination board, which will organise examinations and perform the tasks assigned by these Examination Regulations.

(2) The Examination Board shall consist of the following ten members, who shall have voting rights:

1. the chair, from among the core teaching staff (“Hochschullehrerinnen und Hochschullehrer”),
2. five further members from among the core teaching staff (“Hochschullehrerinnen und Hochschullehrer”),
3. one member from among the associated teaching staff (“akademische Mitarbeiterinnen und Mitarbeiter”),
4. one member from among the technical and administrative staff,
5. two members from among the student body.

(3) The Examination Board shall elect a deputy chair from among the members specified in (3) 2. above.

(4) <sup>1</sup>One substitute each shall be elected for the members specified in (3) 2. to 5. above. <sup>2</sup>The substitutes shall stand in for the members they represent when the latter are unavailable.

(5) <sup>1</sup>The Chair can invite other persons, particularly substitute members, to the Examination Board meetings if this appears useful and if the majority of the voting members present are not opposed. <sup>2</sup>If a decision only concerns students of the Information System programme or the application or objection of a student from the Information System programme, the head of the Examination Office for the Mathematics Bachelor's programme of the Faculty of Mathematics and Natural Sciences of the University of Cologne shall be called in by the chairman to the meeting of the Examination Board at which a decision is made on this matter.

(6) <sup>1</sup>The members and their deputies as per (3) items 2 to 5 shall be elected in separate groups by the Faculties Councils. <sup>2</sup>The groups shall be entitled to make nominations. <sup>3</sup>The members in the core teaching staff (“Hochschullehrerinnen und Hochschullehrer”) group, the associated teaching staff (“akademische Mitarbeiterinnen und Mitarbeiter”) and the other employees group shall be elected for three years, the members in the student group for one year. <sup>4</sup>Re-election is permitted. <sup>5</sup>Substitute members' appointments shall end when the appointment of the member they represent ends. <sup>6</sup>Should a member or a deputy as per (3) items 2 to 5 member leave the board before the end of their appointment, a successor shall be elected for the remainder of their appointment.

(7) <sup>1</sup>The Examination Board shall be deemed to have a quorum if at least five members are present in addition to the Chair or his/her Deputy. <sup>2</sup>In matters that directly concern teaching, apart from the assessment thereof, it must be ensured that the members in the core teaching staff group have at least half of the votes. <sup>3</sup>The Examination Board shall take deci-

sions by simple majority voting among those present. <sup>4</sup>If the votes for and against are equal, the Chair's vote shall decide. <sup>5</sup>The Examination Board members the group of employees and technical and administrative staff shall only have the right to vote in matters relating to teaching if he or she performs corresponding functions at the university and has special experience in the relevant area; such experience shall be presumed in particular if the employee fulfils the status of examiner defined by sentence 2 of Section 65 (1) of the University Regulations.<sup>6</sup>The Chair, or in case of uncertainty the Rectorate, shall decide whether these requirements are met at the beginning of the term of each employee. <sup>7</sup>Members of the group of students may only vote on teaching and scientific decisions, in particular any decisions in relation to the evaluation and recognition of examinations, the determination of examination tasks as well as in decisions on objections in this regard, if they meet the examiner requirements defined by sentence 2 of Section 65 (1) of the University Regulations.

(8) <sup>1</sup>The Examination Board shall ensure that the provisions of these Regulations and the annexes are complied with. <sup>2</sup>Unless otherwise specified in these Examination Regulations, the Examination Board shall decide what action is to be taken, in particular, with regard to objections to decisions taken in the examination process. <sup>3</sup>The Examination Board shall report regularly to the Faculty, at least once a year, on developments regarding the master degrees and how long students take to complete the programmes; it shall present breakdowns of the overall marks and put forward proposals concerning possible amendments to these Examination Regulations. <sup>4</sup>Without prejudice to the examiners' powers, the Examination Board shall specify what aids are allowed to be used in examinations and will inform students accordingly by means of a notice.

(9) <sup>1</sup>The Examination Board meetings shall not be held in public. <sup>2</sup>The members and their deputies shall be bound by a confidentiality obligation. <sup>3</sup>Those of them who are not civil servants shall be sworn to secrecy by the Chair.

(10) <sup>1</sup>The members of the Examination Board and their deputies are entitled to attend examinations. <sup>2</sup>They are not entitled to be present during the discussion of the mark to be awarded.

(11) <sup>1</sup>The Examination Board can use the services of the Examination Office of the Faculty of Management, Economics and Social Services to assist in the organisation of examinations. <sup>2</sup>The manager or deputy manager of the WiSo Examination Office shall be consulted at all of the Examinations Board's meetings.

(12) <sup>1</sup>The Chair of the Examination Board, or the Deputy Chair if the Chair is unavailable, shall represent the Examination Board, convene the meetings of the Examination Board, chair them and implement any decisions taken at the meetings. <sup>2</sup>The Chair shall convene the Board meetings, chair them, and implement any decisions taken at the meetings. <sup>3</sup>The Examination Board can transfer responsibility for performing all of its ordinary duties to the Chair. <sup>4</sup>In the event of time pressure, the Chair can conduct votes according to a silence procedure. <sup>5</sup>The Chair may take any urgent decisions on behalf of the Examination Board; the Examination Board must be immediately informed and can reverse the decision if necessary; any rights granted to third parties shall remain unaffected. <sup>6</sup>Decisions concerning objections must be reserved for the Examination Board. <sup>7</sup>A transcript must be kept of every meeting of the Examination Board.

(13) The Chair of the Examination Board shall announce by means of a legally binding notice or other suitable means any directives, important dates and deadlines and any other information from the Examination Board that does not concern specific individuals only.

### **Section 23 Examiners, observers, electronic plagiarism checks**

(1) <sup>1</sup>Examiners shall be appointed from among the University's core teaching staff ("Hochschullehrerinnen und Hochschullehrer") and the persons specified in Section 65 (1) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia ("HG"). <sup>2</sup>Examinations can only be marked by persons who themselves have at least the qualification to which the examination leads or an equivalent qualification. <sup>3</sup>Examiners who have left the service of the University of Cologne can be re-appointed as examiners for a period of one year from the end of the term in which they left the University. <sup>4</sup>Only persons who have obtained a relevant degree of at least master standard or an equivalent qualification may be appointed as observers.

(2) <sup>1</sup>Any lecturer who is a member or habilitated member of the core teaching staff group ("Hochschullehrer und Hochschullehrerin") at the University of Cologne shall be automatically appointed as the examiner of his/her own lecture course. <sup>2</sup>Other members of this group and employees of the University of Cologne from the group specified in Section 65 (1) of the University Regulations may also be appointed as examiners by the Chair of the Examination Board. <sup>4</sup>The Chair shall appoint another examiner if the lecturer is not an examiner. <sup>5</sup>Assessors are appointed by the Chair of the Examination Board. <sup>6</sup>The appointment of examiners and assessors must be documented and recorded.

(3) <sup>1</sup>The Chair of the Examination Board shall appoint the examiners responsible for the master thesis module from among the professors, "außerplanmäßiger Professor" and "Honorarprofessor", junior professors and "Privatdozent" lecturers of the Faculty of Management, Economics and Social Sciences, the Faculty of Arts and Humanities or the Faculty of Mathematics and Natural Sciences and from among other examiners who are members or associates of the Faculties and meet the requirements laid down in Section 65 (1) of the "HG". <sup>2</sup>Examiners who have left the service of the University of Cologne can be reappointed as examiners for master theses for a period of one year from the end of the term in which they left the University. <sup>3</sup>The Examination Board can extend this period on request if there are good reasons to do so. <sup>4</sup>It can ask the Chair to decide whether to extend. <sup>5</sup>Teaching staff from a higher education institution with which the University of Cologne has a partnership agreement can be appointed as supervisors for master theses at the request of the University's teaching staff representing the subject in question if there is good reason to do so. <sup>6</sup>Master thesis examiner appointments must be documented.

(4) <sup>1</sup>In agreement with the examination committee the examiners shall specify the tools and aids permitted in the examinations that they conduct and shall inform the candidates accordingly in a suitable manner and in good time, no later than when the dates of the examinations are announced. <sup>2</sup>If it proves impossible to reach an agreement, the Examinations Board shall decide.

(5) <sup>1</sup>If so decided by the Examination Board in a resolution that is then announced, written examination papers can be checked electronically to determine whether they include any copied text that has not been marked as such. <sup>2</sup>In these cases, the candidates must also submit their examination papers in electronic form and declare that the written and electronic versions are the same. <sup>3</sup>The electronic checking described in sentence 1 includes the use of written examination papers for comparison with third parties' written examination papers if their content is related. <sup>4</sup>The resolution described in sentence 1 must specify,

- a) which examinations can be checked electronically,
- b) whether the Examination Board should engage the services of an administrative assistant for this purpose and who should take on this role,
- c) the file format and the place and method of submission for the electronic version,
- d) the criteria for selecting the examinations to be checked and
- e) how long the electronic versions may be used.

<sup>5</sup>Notwithstanding a) above, electronic checking shall always be permitted if there are good grounds to suspect the candidate has cheated. <sup>6</sup>Notwithstanding e) above, the period of use shall end no later than the point at which the archiving period for the examination file ends as per Section 26 (4). <sup>7</sup>Any other use of the electronic version by examiners or the Examination Board is not permitted without the candidate's consent. <sup>8</sup>The result of an electronic check may only be used as the basis of a decision to fail a student if it has been confirmed by the examiners responsible for the examination.

(6) <sup>1</sup>Examiners and observers shall not be influenced by third parties in their examination work. <sup>2</sup>They shall be bound by a confidentiality obligation. <sup>3</sup>Those of them who are not civil servants shall be sworn to secrecy by the Chair of the Examination Board.

## **Section 24 Cheating and offences**

(1) If an examination candidate attempts to influence the marking of the examination to his/her own advantage, brings unauthorised means into the examination, or engages in scientific misconduct during the examination, the candidate shall be considered to have acted improperly.

(2) <sup>1</sup>The consequences of improper conduct as per (1) shall take the form of one of the following sanctions against the candidate:

- a) a warning;
- b) the candidate shall be required to retake the relevant examination;
- c) the examination in which the candidate engaged in improper conduct shall be declared "insufficient" or "failed".

<sup>2</sup>In serious cases, or in the event of misconduct during the repetition of an examination, the Examination Board may exclude the candidate from any further examinations, abolishing the candidate's right to complete the relevant examinations within his/her programme. <sup>3</sup>In particular, improper conduct shall be deemed serious if any of the following cases arise from at least gross negligence:

a) the reproduction of false data, or falsely reporting the ideas or findings of others (forgery),

b) severe interference with the examination-related work or research activities of others (sabotage),

c) the reproduction of the wording, ideas, or findings of others without proper attribution (plagiarism),

d) the reproduction of the candidate's own previously published wording, ideas, or findings without proper reference to the relevant publications (self-plagiarism).

<sup>4</sup>Unauthorised means may be seized as evidence by the examination supervisors after the end of the examination, which the candidate may finish without prejudice to (1).

(3) In the event of a reasonable suspicion of plagiarism, the Examination Board may perform additional verifications – including electronic verifications – without the permission of the candidate.

(4) Any improper conduct as per (1) shall result in the relevant coursework being deemed non-completed.

(5) <sup>1</sup>Individuals who disrupt examinations can be forbidden from continuing the examination by the examiners or invigilators; in such cases, the candidates shall be given a "fail (5,0)" mark for the examination. <sup>2</sup>The reasons for the student being prohibited from continuing must be documented.

(6) <sup>1</sup>If a candidate attempts to influence the result of an examination when given access to their marked papers, the mark originally given by the examiner shall continue to apply. <sup>2</sup>In addition, one of the repeat attempts specified in Section 20 (1), sentence 2 shall be cancelled. <sup>3</sup>In extremely serious or repeated cases, the Examination Board can also declare the master degree to have been completely failed.

(7) <sup>1</sup>The candidate shall be granted the right to be heard prior to the decisions outlined in (1) to (6) above being made. <sup>2</sup>The candidate shall be informed immediately in writing of the decision and the reasons behind it; the written notification shall include information on how to appeal.

(8) <sup>1</sup>In addition, offences can be punished in accordance with Section 63 (5) of the Higher Education Institution Act of the Federal State of North Rhine-Westphalia ("HG"). <sup>2</sup>It is also an offence to attempt to influence an examination result to another person's benefit.

## **Section 25 Invalid examinations, revocation of master degrees**

(1) <sup>1</sup>If a candidate was admitted to an examination despite not meeting the requirements but was not guilty of deceit, and if this does not become unknown until after the final transcript of records has been presented, this error shall be deemed to have been corrected by the student's passing the examination. <sup>2</sup>If the candidate gained admission to the examination wrongfully and intentionally, the relevant examination board shall decide what legal action is to be taken, taking into account the provisions of the Administrative Procedure Act of the Federal State of North Rhine-Westphalia ("Verwaltungsverfahrensgesetz des Landes Nordrhein-Westfalen" or "VwVfG NRW").

(2) If a candidate cheats in an examination and if this does not become known until after the final transcript of records has been presented to them, the Examination Board can revise the mark for the examination in which the candidate cheated and declare the examination to have been completely or partially failed.

(3) Master degrees can be revoked if it becomes apparent that they were obtained deceitfully or if key requirements for the awarding of master degrees were erroneously deemed to have been met.

(4) <sup>1</sup>Candidates must be given the opportunity to make a statement prior to the decisions described in (1) to (3) above being made. <sup>2</sup>Responsibility for the decision lies with the Examination Board, which makes its decision taking into account the provisions of the Administrative Procedure Act of the Federal State of North Rhine-Westphalia ("Verwaltungsverfahrensgesetz des Landes Nordrhein-Westfalen" or "VwVfG NRW"). <sup>3</sup>Once five years have passed since the date on the final transcript of records, decisions are no longer possible.

(5) <sup>1</sup>The incorrect final transcript of records and all incorrect attachments must be returned to the University and, where appropriate, new ones issued. <sup>2</sup>If the student is deemed to have failed the entire programme, the Faculty shall revoke the student's degree and ask them to return their certificate.

## **Section 26 Examination file, access to files**

(1) <sup>1</sup>The Examination Board shall keep an examination file for each candidate. <sup>2</sup>In particular, the file shall document the candidate's examination attempts, their examination papers, the examiners' reports on said papers, the examination records, examination results, calculations of marks and copies of the final transcript of records and certificate.

(2) Candidates can enquire about their examination results at any time, provided the necessary arrangements can be made.

(3) <sup>1</sup>Once an examination result has been announced, each candidate or a person authorised by the candidate may, on written request, be granted access to their examination paper for the examination in question and to the report and corrections made by the examiners or, in the case of oral examinations, to the examination record. <sup>2</sup>As part of this access, the candidate or their representative must have the opportunity to make copies or photographs of the documents; any model solutions may not be copied or photographed, since they are not part of the candidate's examination record. <sup>3</sup>All other details regarding the ac-

cess procedure, including a reasonable deadline for requesting access, shall be specified by the Examination Board. <sup>4</sup>Once the deadline for requesting access has passed, access shall only be granted if the candidate can prove that their failure to comply with the deadline was due to reasons beyond their control. <sup>5</sup>Candidates do not have any further rights of access.

(4) <sup>1</sup>The examination file shall, except for the regulations in sentence 2, be kept until the end of the fifth year following the completion of the student's studies and then offered to the archive responsible for such files by law; if the archive declines to accept the documents, they can be destroyed. <sup>2</sup>Written examination documents shall be offered to the archive two years after the grade is announced unless currently subject to a legal dispute; their electronic versions are handled analogously; if the archive declines to accept the documents, they can be destroyed. <sup>3</sup>The academic degrees awarded and a catalogue of the final transcripts of records and certificates presented may be recorded in a register until the end of the fiftieth year after the student finishes the programme; the second half of sentence 1 also applies.

### **Section 27 Completion of the programme and documents issued upon completion**

(1) <sup>1</sup>The programme is deemed to have been successfully completed when the candidate has passed all of the required examinations and gained the necessary credit points in accordance with Section 5. <sup>2</sup>Candidates who pass the degree shall be issued with a final transcript of records. <sup>3</sup>The final transcript of records shall be signed by the Chair of the Examination Board and shows the overall mark awarded for the master's degree, the marks awarded for each area of study, as well as the mark and title of the master's thesis, and the name of the topic-setter. <sup>4</sup>Marks shall be stated in both words and numerals. <sup>5</sup>The date on the transcript is the date on which the last examination was taken or the credit for an examination was transferred. <sup>6</sup>If the master's thesis is the last examination component, the date on the transcript will be the date on which the thesis was submitted. <sup>7</sup>An English copy of the final transcript of records shall also be issued. <sup>8</sup>Only the German version shall be legally binding.

(2) <sup>1</sup>Students shall be presented with a master certificate along with the final transcript of records to certify that the degree specified in Section 3 has been awarded; the certificate shall bear the same date as the final transcript of records. <sup>2</sup>The master certificate shall be signed by the Dean of the Faculty and the Chair of the Examination Board and marked with the Faculties' seal.

(3) <sup>1</sup>In addition to the final transcript of records and the master's degree certificate, successful students shall be presented with a diploma supplement in German and English, with information about the subject matter covered by the completed programme and the academic and professional qualifications gained through the degree. <sup>2</sup>The diploma supplement gives a description of the programme completed by the student. <sup>3</sup>The transcript of records is a component of the diploma supplement. <sup>4</sup>Candidates may request an overview of marks that illustrates the relative placement of their final mark within their programme. <sup>5</sup>The parameters which determine this overview, including the reference group of each student, shall be determined by the Examination Board.

(4) <sup>1</sup>If a candidate has failed at the final attempt or dropped out of the programme or if he/she changes university, they can be issued a transcript of records on request, which

shows the examinations taken, any additional academic work, their marks and credit points earned. <sup>2</sup>This transcript must make it clear that the holder failed the programme.

### **Section 28 Transitional provisions**

(1) <sup>1</sup>These Regulations shall apply to all students enrolled or admitted as cross-registered students for the first time – with the exception of the Master in Business Administration programme with Media and Technology Management – or re-enrolled or are re-admitted as cross-registered students having interrupted their studies, on a master programme subject to these Regulations at the University of Cologne from the 2015/2016 fall term onwards.

(2) <sup>1</sup>Students already enrolled or admitted as cross-registered students on a master programme subject to these Regulations – with the exception of the Master in Business Administration programme with Media and Technology Management – at the University of Cologne on 30 September 2015 can continue their studies on the basis of these Regulations; credit for examinations already taken will be transferred. To change to these Regulations, students must apply to the Chair of the Examinations Board in writing; the change cannot be reversed.

### **Section 28a Expiry of Regulations**

(1) <sup>1</sup>The provisions of Section 30 and the annexes 7.1 to 7.5 only apply to students who were immatriculated during or prior to the 2018 summer semester and shall expire at the end of the 2019 summer semester, except for the regulations which apply to the master's thesis. <sup>2</sup>This does not apply to students who, on this expiry date, only require the completion of the master's thesis as per Section 21 to successfully conclude their studies. <sup>3</sup>Students who have not successfully completed their studies in the Economics master's programme by the end of the 2019 summer semester – apart from the master's thesis – shall be given the opportunity to continue their programme under the currently applicable version of these regulations. <sup>4</sup>Students who wish to complete their studies according to the regulations of Section 30a and the annexes 11.1 to 11.5 before the end of the 2019 summer semester must present a written application to the Chair of the Examination Board by 02/11/2018 at the latest. <sup>5</sup>Students who have completed everything but the master's thesis, or who cannot register for an examination which falls under the annexes 7.1 to 7.5 at the time of their application, are not entitled to continue their studies under the provisions of the annexes 11.1 to 11.5.

(2) <sup>1</sup>The provisions of the annexes 6.1 to 6.5, excluding the regulations regarding the master's thesis, shall expire at the end of the 2020 summer semester. <sup>2</sup>This does not apply to students who, on this expiry date, only require the completion of the master's thesis as per Section 21 to successfully conclude their studies. <sup>3</sup>After 30/09/2020, it shall no longer be possible to complete end-of-module examinations for the master's programme Business Administration – Media and Technology Management, except for the master's thesis. <sup>4</sup>Any

students who still require end-of-module examinations to successfully conclude their studies in the pro-programme will no longer be able to complete their studies.

(3)<sup>1</sup>These examination regulations expire at the end of the summer semester 2023.

<sup>2</sup>This does not apply to students who at this point in time only have to successfully complete the master thesis according to section 21 at the end of their studies. <sup>3</sup>Students of the master programme Business Administration in the fields of study Accounting and Taxation, Finance, Corporate Development, Supply Chain Management, Marketing, of the master programme Economics, of the master programme Political Science, of the master programme Sociology and Social Research, of the master programme Information Systems, of the master programme Economic Research and of the master programme International Management who have not successfully completed their studies according to these examination regulations by the end of the summer semester 2023 shall be given the opportunity to continue their studies in their previous study programme according to the examination regulations for the master programmes Business Administration - Accounting and Taxation, Business Administration - Corporate Development, Business Administration - Finance, Business Administration - Marketing, Business Administration - Supply Chain Management, Business Administration, Economics, Economic Research, International Management, Political Science, Event Portfolio Social and Economic Psychology, Sociology and Social Research and Information Systems in the then valid version.

## **Section 29 Credit points for and scope of the master degree in Business Administration**

(1) In addition to the master thesis (30 CPs), the master degree includes:

1. Core and advanced section, carrying 18 CPs,
2. Specialisation section, carrying 48 CPs and
3. Supplementary section, carrying 24 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 18 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 48 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(4) <sup>1</sup>In the supplementary section as per (1) 3. above, candidates must earn 24 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the third examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place. <sup>6</sup>They are not allowed to change the group either. <sup>7</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>9</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application. <sup>11</sup>They are not allowed to change any other module either. <sup>12</sup>The group 'Macroeconomics, Money and Financial Markets' will be offered for the last time in the academic year 2019/2020.

### **Section 30 Credit points for and scope of the master degree in Economics**

(1) In addition to the master thesis (24 CPs), the master degree includes:

1. Core and advanced section, carrying 48 CPs,
2. Specialisation section, carrying 36 CPs and
3. Supplementary section, carrying 12 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 48 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 36 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can be changed. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the second examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place. <sup>6</sup>In the specialization section, students can

change their groups two times maximum. This change requires a written application.<sup>7</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board.<sup>9</sup>Candidates who fail an examination in a module twice can no longer change module.<sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application.<sup>11</sup>It is impossible to change another module

(4)<sup>1</sup>In the supplementary section as per (1) 3. above, candidates must earn 12 CPs.<sup>2</sup>The detailed examination procedure is set out in the annexes.<sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision.<sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board.<sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the second examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place.<sup>6</sup>It is impossible to change another group.<sup>7</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board.<sup>9</sup>Candidates who fail an examination in a module twice can no longer change module.<sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application.<sup>11</sup>It is impossible to change another module.

### **Section 30a Nature and Scope of the Master's Examination for the Economics Programme**

(1) The master's programme includes the following components, in addition to the master's thesis (24 CP):

1. the core and advanced section, for a total of 30 CP,
2. the specialization section, for a total of 54 CP, and
3. the supplementary section, for a total of 12 CP.

(2)<sup>1</sup>In the core and advanced section – item 1 above – the examination candidate must acquire 30 CP.<sup>2</sup>The examination arrangements are specified in the annex 11.1.<sup>3</sup>A commitment to each module is established by completing a first examination in this module; failure to complete the examination as per Section 16 (2) does not absolve the candidate of this commitment.<sup>4</sup>If the candidate fails the first examination of a module, he/she may submit a one-time request to change modules to the Chair of the Examination Board.<sup>5</sup>If the candidate fails the same examination twice in a module, he/she may no longer request to change modules.<sup>6</sup>Candidates may not change modules more than once.<sup>7</sup>Examinations for the following modules: Core Module Mathematics (Research Track), Core Module Microeconomics I (Research Track), Core Module Macroeconomics I (Research Track), Core Module Econo-

metrics I (Research Track), and Core Module Methods (Research Track) will be offered for the last time in the 2019 or 2020 winter semester, depending on the position of each module within the roster, as specified in the relevant annex.

(3) <sup>1</sup>In the specialization section – item 2 above – the examination candidate must acquire 54 CP. <sup>2</sup>The examination arrangements are specified in the annex 11.2. <sup>3</sup>A commitment to one of the two compulsory groups is established by registering for a first module in that group; this commitment is not abolished even if the registration is withdrawn within the relevant deadlines or subsequently withdrawn with special permission. <sup>4</sup>The candidate may change between compulsory groups by presenting a request to the Chair of the Examination Board. <sup>5</sup>The candidate may not change groups if he/she has already failed more than examination attempt in a module of the compulsory group, or if he/she has registered for a second examination in the compulsory group; this applies even if all or some of the registrations are withdrawn within the relevant deadlines or subsequently withdrawn with special permission. <sup>6</sup>The candidate may apply to switch compulsory groups a maximum of twice. <sup>7</sup>A commitment to a specific module is established by completing a first examination in this module; failure to complete the examination as per Section 16 (2) does not absolve the candidate from this commitment. <sup>8</sup>After failing the examination of a module once, the candidate may request to change this module once by presenting an application to the Chair of the Examination Board. <sup>9</sup>The candidate may not change modules after failing the examination of a module twice. <sup>10</sup>In the specialisation section, the candidate may apply to change modules at most once. <sup>11</sup>Changing modules a second time is not permitted. <sup>12</sup>The groups 'Macroeconomics, Money and Financial Markets' and 'Macroeconomics and Public Economics' will be offered for the last time in the academic year 2019/2020. <sup>13</sup>The group 'Macroeconomics and Public Policy' will be offered for the first time in the academic year 2020/2021".

(4) <sup>1</sup>In the supplementary section – item 3 above – the examination candidate must acquire 12 CP within one group. <sup>2</sup>The examination arrangements are specified in the annex 11.3. <sup>3</sup>A commitment to a group is established by registering for a first module in this group; this commitment is not abolished even if the registration is withdrawn within the relevant deadlines or subsequently withdrawn with special permission. <sup>4</sup>By presenting a request to the Chair of the Examination Board, each candidate may apply to change groups a maximum of once. <sup>5</sup>The candidate may no longer change groups after more than one failed attempt within one module of the group, after more than one failed attempt across different modules of the group, or after registering for a second examination in the group; this applies even if all or some of the registrations are withdrawn within the relevant deadlines or subsequently withdrawn with special permission. <sup>6</sup>The candidate may not change groups again. <sup>7</sup>A commitment to a specific module is established by completing a first examination in this module; failure to complete the examination as per Section 16 (2) does not abolish this commitment. <sup>8</sup>After unsuccessfully attempting an examination in a module once, the candidate may apply to change modules by presenting a one-time request to the Chair of the Examination Board. <sup>9</sup>If the candidate fails an examination twice within the same module, he/she may no longer change modules. <sup>10</sup>In the supplementary section, candidates may apply to change modules a maximum of once. <sup>11</sup>Changing modules a second time is not permitted.

## **Section 30b Nature and scope of the Master's Examination for the Economic Research Programme**

(1) In addition to the master thesis (30 CPs), the master degree includes:

1. Core and advances section, carrying 36 CPs,
2. Specialisation section, carrying 36 CPs and
3. Supplementary section, carrying 18 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 36 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written request addressed to the Chair of the Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 36 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written request addressed to the Chair of the Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup> In the specialization section, a maximum of one module can be changed upon request. <sup>7</sup>They are not allowed to change any other module either.

(4) <sup>1</sup>In the supplementary section, the examination candidate must achieve 18 CPs in one, in accordance with subsection 1 no. 3. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written request addressed to the Chair of the Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup> In the supplementary section, a maximum of one module can be changed upon request. <sup>7</sup>They are not allowed to change any other module either.

## **Section 31 Credit points for and scope of the master degree in Political Science**

(1) In addition to the master thesis (24 CPs), the master degree includes:

1. Core and advanced section, carrying 36 CPs,
2. Specialisation section, carrying 36 CPs and
3. Supplementary section, carrying 24 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 36 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Alternatively, candidates can apply for permission from the chairperson of the examination board to write the master thesis in a different language. This permission is pending the approval of the examiner. Also, it must be ensured that the thesis can be evaluated. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 48 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(4) <sup>1</sup>In the supplementary section, the examination candidate must achieve 24 CPs in one, respectively two groups, in accordance with subsection 1 no. 3. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if or she registered for a second examination in this group for exactly 12 CPs or if he or she has registered the third examination with exactly 24 CPs in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place. <sup>6</sup>It is impossible to change another group. If the student decided on a second group comprising exactly 12 CPs, this group can also be changed once. <sup>7</sup>Students decide on a module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>8</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination. <sup>9</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application. <sup>11</sup>They are not allowed to change any other module either. <sup>12</sup>The group 'Macroeconomics, Money and Financial Markets' will be offered for the last time in the academic year 2019/2020.

### **Section 32 Credit points for and scope of the master degree in Sociology and Social Research**

(1) In addition to the master thesis (30 CPs), the master degree includes:

1. Core and advanced section, carrying 27 CPs,
2. Specialisation section, carrying 39 CPs and

### 3. Supplementary section, carrying 24 CPs.

(2) <sup>1</sup>In the core and advanced modules as per (1) 1. above, candidates must earn 27 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 39 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(4) <sup>1</sup>In the supplementary section, the examination candidate must achieve 24 CPs in one, respectively two groups, in accordance with subsection 1 no. 3. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the second examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation of the examination after it has taken place. <sup>6</sup>It is impossible to change another group. <sup>7</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>9</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application. <sup>11</sup>It is impossible to change another module.

## **Section 33 Credit points for and scope of the master degree in Information Systems**

(1) In addition to the master thesis (30 CPs), the master degree includes:

1. Core and advanced section, carrying 18 CPs,
2. Specialisation section, carrying 48 CPs and
3. Supplementary section, carrying 24 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 18 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 48 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a

given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(4) <sup>1</sup>In the supplementary section as per (1) 3. above, candidates must earn 24 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the third examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place. <sup>6</sup>It is impossible to change another group. <sup>7</sup>Students decide on a module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>8</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination. <sup>9</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application. <sup>11</sup>They are not allowed to change any other module either. <sup>12</sup>The group 'Macroeconomics, Money and Financial Markets' will be offered for the last time in the academic year 2019/2020."

### **Section 33a Credit points for and scope of the master degree in International Management**

(1) In addition to the master thesis (15 CPs), the master degree includes:

1. Core and advanced section, carrying 54 CPs,
2. Specialisation section, carrying 27 CPs and
3. Supplementary section, carrying 24 CPs.

(2) <sup>1</sup>In the core and advanced section as per (1) 1. above, candidates must earn 54 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on their module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>4</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination Board. <sup>5</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>6</sup>They are not allowed to change any other module either.

(3) <sup>1</sup>In the specialisation section as per (1) 2. above, candidates must earn 27 CPs. <sup>2</sup>The detailed examination procedure is set out in the annexes.

(4) <sup>1</sup>In the supplementary section as per (1) 3. above, candidates must earn 24 CPs in a group. <sup>2</sup>The detailed examination procedure is set out in the annexes. <sup>3</sup>Students decide on

a group the first time they register for a module in that group. Even the timely cancellation of this registration or the valid cancellation of the examination after it has taken place does not affect this decision. <sup>4</sup>The group can only be changed one time. This change requires the written consent of the chairperson of the Joint Examination Board. <sup>5</sup>Such a change is not possible if the examination candidate has failed more than once in a module belonging to this group or if he or she has registered the third examination in this group. This also applies to cases in which the candidate has cancelled all or some of his or her registrations on time or the valid cancellation the examination after it has taken place. <sup>6</sup>It is impossible to change another group. <sup>7</sup>Students decide on a module the first time they take an examination in that module. A default as defined in Section 16 (2) does not revoke this decision. <sup>8</sup>If the student fails an examination for the first time in a given module, it is possible to change the module. This change requires the written consent of the chair of the Joint Examination. <sup>9</sup>Candidates who fail an examination in a module twice can no longer change module. <sup>10</sup>In the supplementary section, students can change their module one time maximum. This change requires a written application. <sup>11</sup>They are not allowed to change any other module either.

### **Section 34 Publication and entry into force**

(1) These Regulations shall be published in the Official Notices (“Amtliche Mitteilungen”) of the University of Cologne.

(2) These Regulations shall enter into force on 1 October 2015.

### **Article II**

The Examining Board shall ensure that credit points already earned in modules which change in nature or scope or are discontinued are used further for the completion of the programme.

Executed in accordance with the resolutions passed by the Faculty of Management, Economics and Social Sciences on 16 March 2015 and following a review of the legality of the document by the Rectorate on 18 August 2015.

Cologne, 16 September 2015

signed

Dean

of the Faculty of Management, Economics and Social Sciences  
at the University of Cologne

University Professor Dr. Werner Mellis
