

Subject-related requirements for the master's programme in Sociology: Social and Economic Psychology

In order to fulfil the admission criteria for the master's programme in Economics you must demonstrate the following points:

- at least 18 ECTS credits in the fields of Psychology, Social Sciences and/or Business Administration and/or Economics
 - from this at least 6 ECTS in the field of Psychology
- at 12 ECTS credits in the fields of Statistics and/or Methods in Quantitative Social Sciences and/or Applied Quantitative Empirical Social Research

Please enter the courses you have successfully passed during your bachelor's degree in the following form. Use the title and the credits which can be found on your transcript of records. Do not convert credits /hours /etc. into ECTS.

→ Information on categorising the courses

On the next page you will find a collection of modules to help you categorize the modules you have taken during your studies. You may have completed other courses that are not listed. These will of course be accepted if the content fits.

Subjects in the field of Psychology, Social Sciences/Business Administration/Economics	Credits

Subjects in the field of Psychology	Credits

Subjects in the field of Statistics/Methods in Quantitative Social Sciences/Applied Quantitative Empirical Social Research	Credits
