APPLICATION PROCESS

- Start: Winter Semester
- Application deadline: 15th June
- Applicants with a German bachelor degree apply via KLIPS
- Applicants with a non-German bachelor degree apply with their VPD document issued by uni-assist via KLIPS

REQUIREMENTS AND SELECTION PROCEDURE

A Bachelor degree or equivalent in the respective field (worth at least 180 ECTS credits) and an overall grade point average of at least 2.7 (German grade). Applicants must meet the following requirements:

- At least 60 ECTS credits in Health Economics and/or the field of Business Administration and Economics
- At least 15 ECTS credits in Medicine
- At least 18 ECTS credits in the field of Methods in Health Economics
- English language skills level B2 CEFR
- German language skills level C1 CEFR

The Admissions Board will communicate its decision by the end of July. Enrolment usually takes place in August.

The Master’s Degree in Health Economics gives me the opportunity to deepen my knowledge in the fields of medicine, business administration and economics. I am particularly interested in learning how healthcare markets can be designed efficiently without losing focus on the best possible patient care.

Melanie
Student of M.Sc. Health Economics at the WiSo Faculty
