I hereby declare that I have read the documents "Getting Started with Wharton Research Data Services" and "WRDS Terms of Use". I will comply with all provisions of these documents. In addition, I hereby affirm with my signature that all data to which I will have access will be used solely for academic, non-commercial research purposes. I will not grant access to the data to any other employee or student of the University of Cologne nor will I grant access to the data to anyone outside the University of Cologne. I assure that I will not pass on the data in any form. I will keep my password for data access secret. I will inform the WiSo Library and Campus Service ([lica-data@wiso.uni-koeln.de](mailto:lica-data@wiso.uni-koeln.de)) personally, immediately and in writing as soon as my employment relationship with the University of Cologne or my enrollment as a doctoral student at the University of Cologne has ended. However, this does not release me from my obligation to personally deregister from WRDS in person.
